To Whom it may concern

Subject: Sisgeo - Field Group Geotechnical Instrumentation reference.

Hereby **GRUPO I.C.T. S.A.S.(SALINI-IMPREGILO)** attests that **Sisgeo - Field Group** instruments and services have been utilized on the following project: **PROYECTO HIDROELECTRICO SOGAMOSO** (Sogamoso Dam project)

GRUPO I.C.T. S.A.S.(SALINI-IMPREGILO) is highly satisfied about quality and performance of the instrumentation, as well as software data management (WMS), technical assistance, supervision and project management carried on during the complete Project.

All instruments and data management software were installed successfully and are continuing to operate correctly and to our satisfaction.

The following table show the description of the instruments and services which **Sisgeo - Field Group** has performed:

Year	Name of the Project	Description	Project amount
2010 - 2015	PROYECTO HIDROELÉCTICO HIDROSOGAMOSO DISEÑO DEL SISTEMA DE MONITOREO Y SUMINISTRO DE LA INSTRUMENTACIÓN GEOTÉCNICA PARA PRESA, EXCAVACIONES A CIELO ABIERTO, EXCAVACIONES SUBTERRÁNEAS Y ASISTENCIA TÉCNICA EN FASE DE INSTALACIÓN Y PUESTA EN SERVICIO DEL SISTEMA.	Supply of BRS, inclinometers casing, inclinometer system, stand pipe piezometer, vibrating wire settlement gauges, vibrating wire joint meter, submergible tiltmeters, vibrating wire strain gauges, vibrating wire piezometer, multipoint borehole extensometer, electrical load cell, portable read-out, portable dataloggers and automatic data acquisition unit.	620.000,00 EURO
2010 - 2015	PROYECTO HIDROELÉCTICO HIDROSOGAMOSO DISEÑO DEL SISTEMA DE MONITOREO Y SUMINISTRO DE LA	Design, data management software WMS – Web Monitoring System, technical assistance, supervision and project	930.000,00 EURO
